

1155. Poppe (Erich): Personal names and an insular tradition of Pseudo-Dares.  
*In Ériu* 53 (2003), pp. 53–59.

Suggests that *Togail Troí* (Recension II) and *Ystorya Daret* (Recension Ia) are closely related, and are indicative of a complex Insular transmission of Latin texts of the *De excidio Troiae historia*.
