

11987. Wadden (Patrick): *Trácht Romra* and the Northumbrian episode in *Betha Adamnáin*.

*In* *Ériu* 62 (2012), pp. 101–111.

Suggests this place name is an allusion to the Red Sea, which enables a comparison of Adomnán to Moses leading the Israelites out of Egypt.

*Classifications:*
