

12214. Hollo (Kaarina): ‘Finn and the man in the tree’ as a verbal icon.

*In* The Gaelic Finn tradition (2012), pp. 50–61.

Discusses the second part of the tale cited in the OIr. glossing on the *Senchas már* as an explanation for *imbas forosnai* (*CIH* iii 879.23-880.14), suggesting a possible Christian interpretation of the forest scene with Derg Corra and the latter’s recognition by Finn.
