

2995. Greene (David): The responsive in Irish and Welsh.

*In* Fs. Sommerfelt (1972), pp. 59–72.

pp. 60-65: surveys the system of responsive in Early and Modern Irish (including Scottish Gaelic), and argues it continues an archaic state of affairs.

*Classifications:*

- E 6.0: Syntax: General and various
- C 2.1: Historical linguistics, language change and comparative philology
