

4033. Toner (Gregory): Emain Macha in the literature.

*In* Emania 4 (Spring 1988), pp. 32–35.

Argues that the etymology of Emain in *Noínden Ulad* is first found in the second recension only; originally may have been Emain (Abhlach) as Otherworld designation; identification with Ptolemy's *Isamnion* queried.

*Classifications:*
