

4533. Sergent (Bernard): Un cycle celtique des douze jours?

*In* Ollodagos 3/4 (1992), pp. 203–236.

Argues that an Indo-European solstitial ritual is apparent in *Tromdám Guaire*, especially in the insistence on food and nourishment seen in the demands of Guaire's guests and in the episode of the Finding of the Táin.
