*In* Ollodagos 18/2 (2004), pp. 301–305.

ad §75 of *Cath Maige Tuired* (as ed. by Elizabeth A. Gray 1982). Criticises E. A. Gray's and Ch.-J. Guyonvarch's translation of this section, and argues this is caused by the false assumption that Lug remains as king of the Túatha Dé Danann after the period of thirteen days for which he took Núada's place.
