6234. Kim (Ronald): The distribution of the Old Irish infix pronouns:
evidence for the syntactic evolution of Insular Celtic?

In PWPL 6/3 (2000), pp. 167–187.

Developes the hypothesis of an obligatory **esti* in clause second position. Cf.
W. COWGILL in pp. 40-70 of *Grammatische Kategorien* (Wiesbaden 1975).
