

730. McCloskey (James): Is there raising in Modern Irish?

*In* *Ériu* 31 (1980), pp. 59–99.

Explains the order of constituents of infinitival clauses in terms of infinitive postposing rather than raising (as argued by S. MAC MATHÚNA, A note on identical noun phrase deletion, *in* *Ériu* 26 (1975), pp. 122-143).
