9570. Sayers (William): *La joie de la cort (Érec et Énide)*, Mabon, and early Irish *síd* ['peace; Otherworld']

*In Arthuriana* 17/2 (Summer 2007), pp. 10–27.

The several anomalies of the *Joie de la cort* episode in Chrétien de Troyes's *Érec et Énide* are addressed through the dual semantics of Irish *síd*, the equation of radiance and joy in the Celtic languages, and Mabon's imprisonment in the 'Bright Fortress' of Caer Loyw.
